

# SURGICALLY CLEAN AIR

## JADE AIR PURIFIERS

*We have installed medical-grade air purification units around the office to produce high-quality, clean air. These systems use sophisticated technology to clean, filtrate, and re-vitalize our office air to keep you safe and reduce the spread of germs*

### **Air Purification Components:**

- HEPA-Rx filter**
- Carbon filter**
- Titanium Dioxide Chamber**
- Germicidal UV-C+ light**
- Hydroxyl Radical Reactivity Chamber**

## The benefits of our JADE air purifying system include:

- ▶ *Removal of dust and pollen that affects allergies*
- ▶ *Kills germs and viruses*
- ▶ *Eliminates odors and VOCs (perfumes, air fresheners, etc.)*
- ▶ *Re-energizes indoor air*
- ▶ *Makes breathing easier and leaves you feeling more energized*
